

Guest of Honour

Shri. C. Sreenivas

Chairman

Sri Sathya Sai Health and Education Trust

Whitefield, Bangalore

Email: sreenivas.c6@gmail.com

Shri. C. Sreenivas is presently Chairman, Sri Sathya Sai Health and Education Trust, Bangalore. He is very simple and divine with long association with Swami Sathya Sai Baba. He has established Sri Sathya Sai Sanjeevani Hospital at Naya Raipur, a 300 bedded General Hospital with super Specialties of cardiac and neurology. Swamiji's desire is that healthcare should be provided free as a noble service to man. Baba desired replication of Whitefield / Puttaparthi Super Specialty hospital elsewhere in India in the service of people in particular Cardiology and Neurology facilities. Further a Healthy Child is the key to the progress and prosperity of every Nation. Sri Sathya Sai Sanjeevani Hospital through Institute of Child and Public Health under the "Divine Child Health Program" addresses the healthcare needs of children through timely Detection, Prevention, Education and Curative healthcare at Raipur will provide free healthcare without any charge to the patient similar to Puttaparthi Super Specialty hospital.

The Four D's of Child Health - Disease, Deficiency, Developmental Delay and Disabilities are addressed through systematic Health screening of every school going child in the state of Chhattisgarh in Central India. The benefit of such timely aid and intervention result in immense health relief to the child and it's family, eventually leading to a healthy community and nation. The Program to cover 30000 school children in three years ending November 2016 began with 11 Government schools in the villages of Arang block of Raipur district. Along with the screening of children, health, diet and life style counseling is provided to the parents and teachers also. The Divine Child Health Program is a totally free of cost service rendered to benefit all children and is funded entirely by the Sri Sathya Sai Health and Education Trust, a registered Public Charity Organization.
